THE 19TH HELSINKI LIVE DEMONSTRATION COURSE IN OPERATIVE MICRONEUROSURGERY

2 - 7 June 2019 | Helsinki

Dear Colleagues,

On behalf of the course directors, the faculty and the Aesculap Academy, I would like to invite you to come to Helsinki to participate in our unique course about Microneurosurgery.

Professors Mika Niemelä (Helsinki), Aki Laakso (Helsinki), Ali F. Krisht (Little Rock, AR, USA), Rokuya Tanikawa (Sapporo, Japan), Luca Regli (Zurich, Switzerland), Peter Vajkoczy (Berlin, Germany) and Michael T. Lawton (Phoenix, AZ, USA) along with senior, junior and nursing staff will demonstrate and discuss different approaches and microsurgical techniques in live operations in various intracranial lesions (aneurysms, AVMs, cavernomas, extrinsic and intrinsic brain tumors). Helsinki Neurosurgery has close to 3500 surgical and endovascular procedures annually. More information about the department on www.hus.fi/neurosurgery.

During the course there will be 6-8 operations per day, i.e. 25-30 operations altogether in three ORs. Professors will discuss the cases and present microsurgical videos between and after the operations. The operative schedule runs every day from 8am to approximately 3pm followed by case discussions and lectures hosted by Martin Lehecka and Reza Dashti.

We look forward to seeing you at this exciting course in Helsinki.

Best regards and warm welcome,

Prof. and Chairman
Mika Niemelä, MD, PhD
